

King's ENRICH

CO-CURRICULAR PROGRAMME - TERM 1 & 2

Welcome to our new co-curricular programme.

This programme will provide you with details of all of our after-school clubs that are available for you to attend. Remember that regular attendance at one of our after-school clubs contributes towards your KS3 Graduation. Research tells us that those who participate in co-curricular activities achieve higher grades, and those who participate develop skills such as teamwork, communication and resilience - qualities that are highly regarded by colleges and employers.

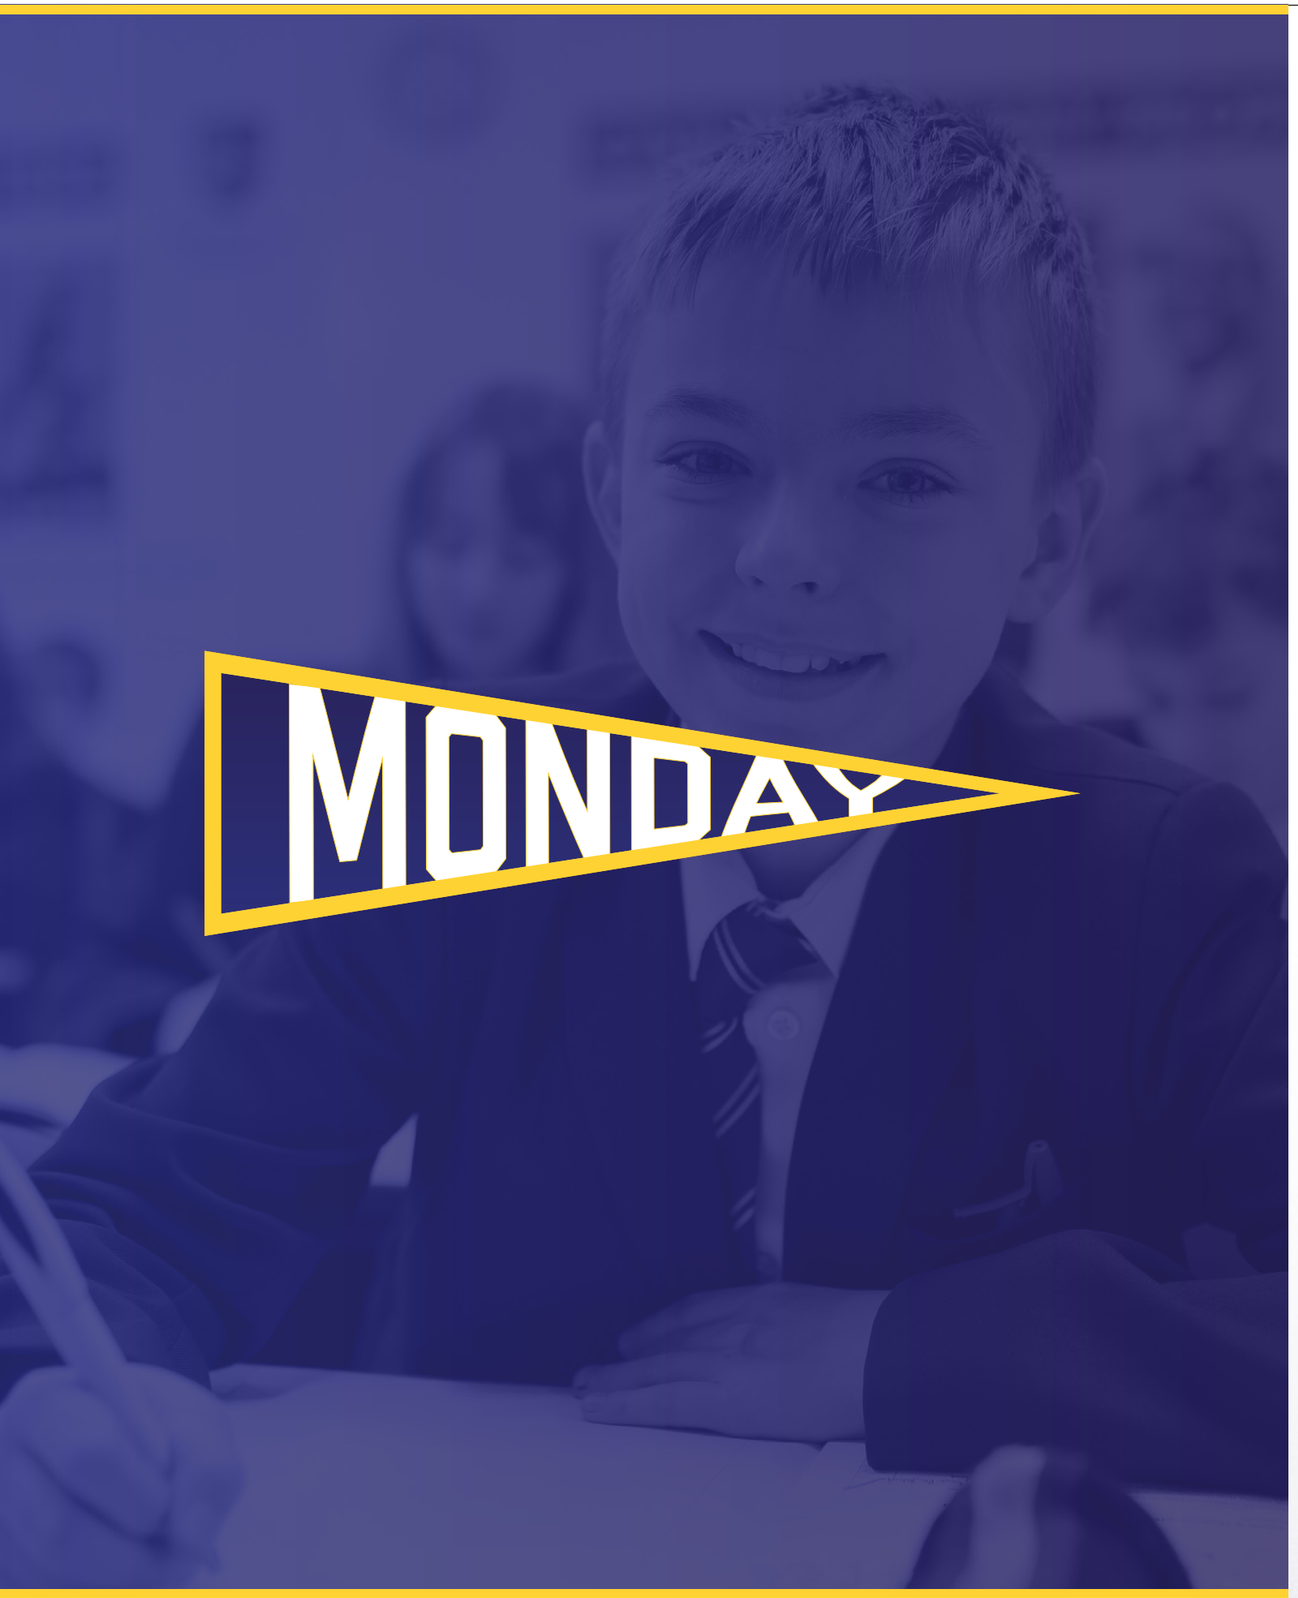

We hope that you find a club that suits your interests. If you have any ideas for clubs that you would like to be included in future co-curricular programmes, please discuss them with your form tutor.

SCHEDULE OF ACTIVITIES
